2025

---

LEADING SAUDI TECHNOLOGY SOLUTIONS SINCE 2003

# About Us

## Saudi Arabia's Trusted Technology Partner

Since 2003, Awamer Al Shabaka has built and delivered digital solutions for over 3,500 clients across Saudi Arabia and Egypt. Our team of 250+ professionals specializes in creating websites, mobile apps, and business systems that actually work.

We're not just another IT company. We partner with organizations to build the exact solutions they need, whether that's a government portal handling millions of users or a local business's first website. Our work with the Ministry of Health, Saudi Traffic Management, and hundreds of private companies proves we can handle projects of any size.

# Our Story

We started in 2003 with a simple goal: help Saudi businesses succeed online. Two decades later, we've grown into one of the Kingdom's largest technology companies, but our focus remains the same - delivering quality work that helps our clients grow.

## VISION

To remain the most reliable technology company in Saudi Arabia, known for quality work, fair pricing, and excellent support.

## MISSION

We help businesses and government organizations build better digital tools, increase their online sales, and manage their operations more efficiently through custom technology solutions.

# Our Values

## Continuous Improvement

Always learning and getting better

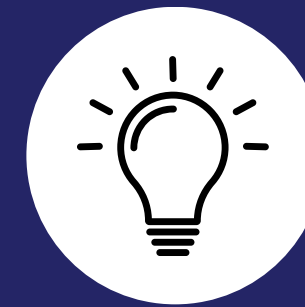

## Local Understanding

We know the Saudi market and regulations

## Long-term Relationships

We're here for ongoing support, not just one project

## Innovation

Using the latest technology that makes sense for your business

## Quality First

Every project meets high standards

# Our Team

**+250 Professionals Ready to Help**

Our team includes developers, designers, project managers, and support staff who know their jobs inside out. We hire the best people and keep training them on new technologies.

---

**We invest in our people through regular training, certifications, and conferences because better skills mean better results for our client**

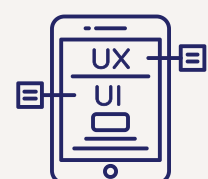

# Our Team Includes

## Network & Security Engineers

Network engineers who keep systems secure and running

## UI/UX Designers

Designers who create user-friendly interfaces

## Software Developers

Software developers experienced in multiple programming languages

## Technical Support Teams

Support staff available 24/7

## Project Managers

Project managers who deliver on time and budget

## Digital Marketing Consultants

Digital marketing specialists who understand the Saudi market

# Our Services

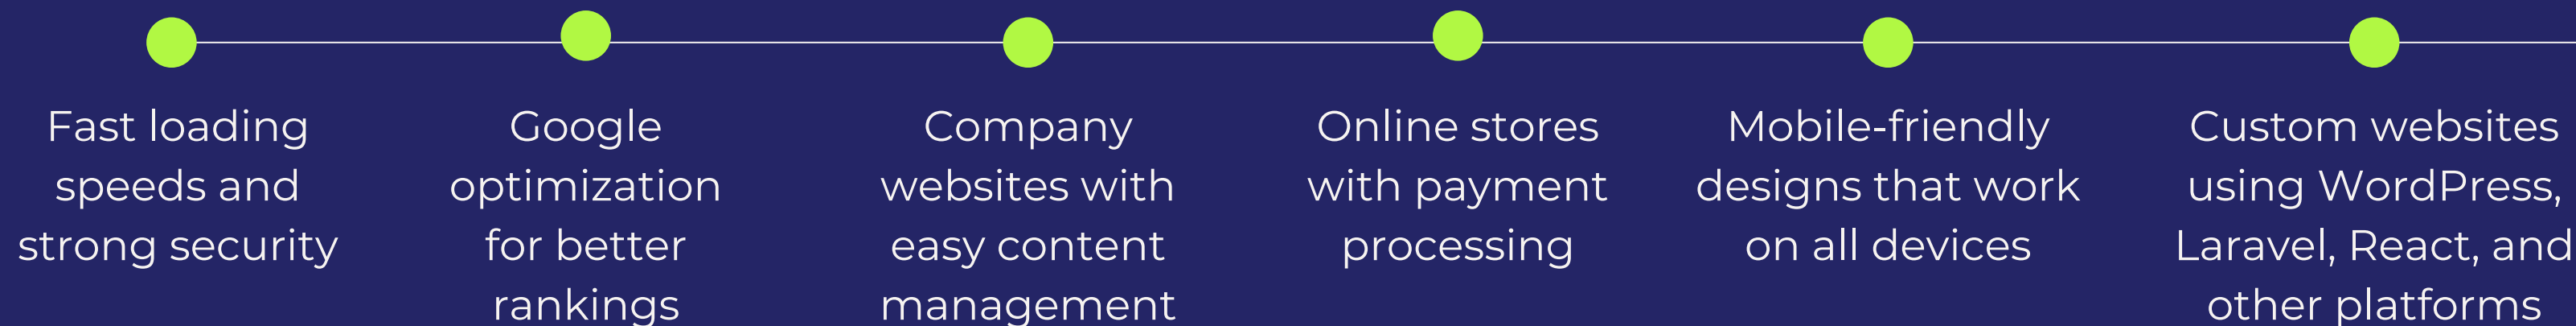

# Website Development

**2,500+ Websites Built and Running**

Over 2,500 successful websites tell our story and prove our ability to transform your ideas into exceptional digital experiences.

## Real Results Our Clients See

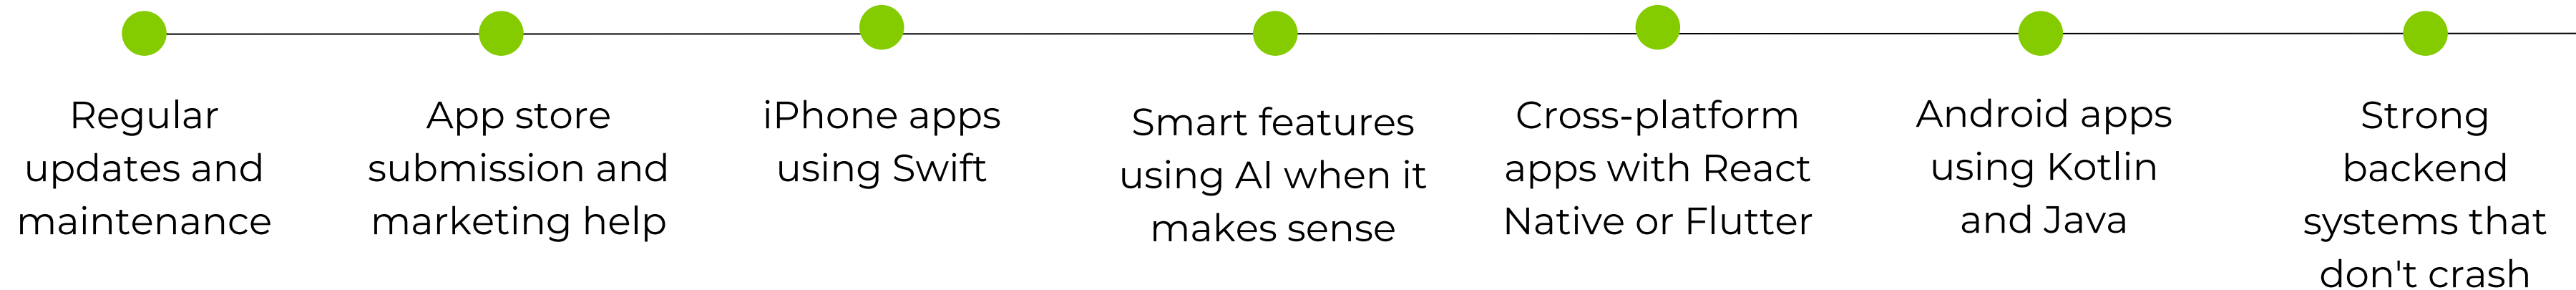

- Traffic increases up to 300%
- 150% more sales conversions
- Pages that load in under 3 seconds
- Perfect display on phones, tablets, and computers

# Website Development

450+ Apps Used Daily by Thousands

We create mobile apps that people actually want to use. Our apps are fast, reliable, and solve real problems for businesses and their customers.

## What Our Apps Achieve

- 200% more daily active users
- Response times under 1 second
- 4.5+ star ratings in app stores
- 70% fewer uninstalls

# E-commerce Solutions

## Online Stores That Sell

We build online stores designed specifically for Saudi customers, with local payment methods, Arabic language support, and features that increase sales.

## Proven Results

- 80% higher average order values
- Happier customers who come back
- Sales increases up to 250%
- 40% fewer abandoned carts

# Business Management Systems (ERP)

Run Your Entire Business from One System

We build custom systems that connect all parts of your business - accounting, inventory, HR, and customer data - in one place.

## How This Helps

- Accurate reports every time
- 45% overall productivity gain
- 60% less time on routine tasks
- 90% fewer data entry mistakes

# Logo & Brand Design

## Designs That Get Remembered

We create logos and brand materials that make your business stand out and look professional.

## The Impact

- 70% more customer trust
- Clear difference from competitors
- 80% better brand recognition
- 95% stronger first impressions

# Digital Marketing

Get Found and Grow Online

We help businesses reach more customers online through proven marketing strategies that fit the Saudi market.

## Typical Improvements

- 400% better return on ad spending
- 500% growth in social media followers
- 300% more qualified leads
- 50% lower cost to acquire customers

# WhatsApp Business
